

Stakeholder Feedback and Workshops for Long-Term Plan Development

November 4, 2021

The Illinois Power Agency plans to issue requests for stakeholder feedback on a number of topics related to the development of the next Revised Long-Term Renewable Resources Procurement Plan on **Friday, November 12, 2021**. These requests will focus on new elements of the Plan that implement provisions of the recently enacted Public Act 102-0662 (the Climate and Equitable Jobs Act). Written responses will be due on Friday, December 3, 2021.

The IPA will also hold virtual workshops on **Thursday, November 18, 2021** to discuss the stakeholder feedback requests. Detailed agendas and topics for the workshops are forthcoming. Registration is required to attend the workshops. Please click the following links for registration.

Workshop Session 1

Thursday, November 18, 2021

9am - Noon
